

AQUACHEM INDUSTRIES LLC

EHS Policy

Aquachem Industries Limited, as a responsible manufacturer of Water & Process Treatment Chemicals, is committed to take adequate precautions related to environment, health and safety in developing, manufacturing, storing, handling and distribution of both existing and new chemical products and in its business. It is our policy to provide a workplace free from accidents, injuries and exposure to hazardous chemicals; conserve natural resources and prevent pollution to protect the environment.

Towards this, we have set our objectives and are committed to:

- Comply with applicable Environmental, Health and Safety (EHS) legislation and statutory, regulatory and other requirements
- Respond to community concerns regarding EHS and address them proactively in our operations
- Integrate EHS considerations into Business Planning and decision making
- Use process safety and management techniques like Safety Audits, Analysis, Operability Studies and Documentation of safety related information to minimize EHS s associated with our operations
- Equip ourselves to address EHS emergencies
- Champion EHS responsibility among all the employees and impart the requisite training
- Communicate our EHS policy and other concerns to our contractors and vendors and seek their compliance
- Continually review objectives and set targets to improve our EHS performance
- Provide organizational structure support and directive to achieve these objectives

This Policy is reviewed periodically for its continuing suitability to the organization's current business
